

IT'S AN EXCITING TIME TO BE SIMMENTAL

WE DO THE SCIENCE -- YOU MAKE THE PROFIT.

American Simmental Association

**Burt Jeffords Family,
Calhoun, Ga.**

*Save the dates and attend
these Simmental functions
in the next few months.*

The Georgia Simmental Association believes that family cattle operations are the most integral component of the American cattle industry. For that reason we salute all our Simmental seedstock families in Georgia and we are especially encouraged, since our Association membership has doubled in the last two years, by the number of young Simmental enthusiasts being attracted to the Simgenetics business!
