DP Sales Management Team welcomes Consignors to the upcoming 2015 Generation of Value Simmental Sale.

We are excited about being a part of the 2015 Generations of Value Simmental Sale (GSA). The GSA has met and finalized a few of the sale details. The August 22, 2015 sale will be held at the Partisover Ranch, Colbert, GA. We encourage breeders, and junior members large or small to get involved in your association sale. Last years sale was a big success, however, the sale date was moved to the fall to accommodate breeders and get more involvement in the sale. We have got several breeders on the list to consign this year, so we encourage your operation to be a part of this sale.

As Simmental breeders and consignors, we encourage you to raise the bar and consign your best genetics. Sale cattle will consist of donor females; young bred cows, bred heifers, pairs, open heifers and a few select bulls. When you are looking through the cattle that you might offer, please keep in mind that we are always looking for more bred, cow/calf pairs, pregnancies and fall opens. Cattle are not required to be halter broke; however, it is suggested on your fancy open heifers. This year's sale is open to purebreds, full bloods and sim-angus. Also, consign any special lots, frozen embryos and pregnancies. This sale is open to all Georgia breeders, plus breeders from other States.

The following are deadline requirements for the upcoming GSA Sale:

- All lots if applicable should be tested in regards to meet ASA genetic testing guidelines for genetic defects.
